

The FARM TRIBUNE

VOL. III—NO. 48

Published Weekly at Porterville, California

Thursday, June 1, 1950

DOROTHY HOOVER, above, who won top honors in the Junior Horse Show that featured the third annual Tulare County Junior Livestock Show and Community fair last week-end in Porterville. At left, top to bottom: Don Hunsaker, Ducor 4-H, with his champion steer, with Joe Menne, breeder of the animal, congratulating Russell Cadwell of Cadwell-Martin, Hanford, who paid 50c per lb. for the animal, Louis Gill looking on; J. J. Hatfield, Porterville FFA, with his champion fat lamb, Hugh Monroe standing with trophy; Forrest Martin, Porterville FFA, with champion fat barrow of show; Alex Lavin, herdman, shows champion Hereford bull from famous Cooper ranch at Tipton and Henry Elam, Sierra View Jersey, Visalia, with his champion Jersey.

SHOWMANSHIP WINNERS GET LEE OVERALLS FROM LEGGETT'S

Winners in showmanship at the third annual Tulare County Junior Livestock Show and Community fair were awarded H. D. Lee Jackets with insignia of their organization—either 4-H or Future Farmer—through Leggett's in Porterville.

The following places were won in showmanship competition: 4-H dairy—Kenley Mays, Gene Pixley, Robert Atkins and Joy Overstreet; FFA dairy—Doyle Clin-

kenbeard, Don Baxley and Clarence Bradbury.

FFA sheep—Herb Zimmerman, J. J. Hatfield and U. A. Hatfield; 4-H sheep, Lanitta Stevens.

FFA beef—Arlin Morris, Joel Ashworth, J. J. Hatfield; 4-H beef—Sandra Farnsworth, Betty Muller, Johnny Dennis.

FFA hogs—Clarence Kays, Charles Wicher and Robert Atkins; 4-H hogs—U. A. Hatfield.

COMMUNITY BOX SOCIAL PLANNED BY SPRINGVILLE ORGANIZATIONS AT OUTDOOR PAVILION SATURDAY

A community box social will be sponsored at the Springville outdoor pavilion Saturday evening, beginning at 6 o'clock, as a benefit for the pavilion building fund, with the Springville Lions, Chamber of Commerce, Grange, Farm Bureau and other organizations participating.

Following the box social, Springville Lions will give a dance, starting at 9 P. M., with this dance officially opening the summer season when Saturday night dances will be held weekly at the pavilion.

Modern music will be provided for dancing and all proceeds raised by the Lions through the summer dances will be used for community activities, according to club

officers.

Organizations of Springville have been working for some time to provide a community center for Springville and now have the community hall and outdoor pavilion.

CHAMPION HOG

Forrest Martin is now feeding out a Poland China barrow that he is pointing toward top honors in the 1950 Tulare County fair. The barrow was presented to him by Bill Reece of the G & R Stock farm, Porterville, by virtue of Mr. Martin winning grand champion honors at the third annual Tulare County Junior Livestock Show and Community fair with a barrow of G & R breeding.

DOYLE CLINKENBEARD GETS TRIBUNE AWARD

A three-year-old registered Jersey, owned and shown by Doyle Clinkenbeard, a Porterville Future Farmer, won the butterfat contest conducted during the third annual Tulare County Junior Livestock Show and Community fair last week-end, and Mr. Clinkenbeard was awarded a Farm Tribune trophy at a special ceremony conducted late Sunday afternoon.

The cow produced an average of 77.1 pounds of milk during each

of the three days of the contest with total butterfat amounting to 4.0731 pounds.

Second place went to a three-year-old registered Jersey shown by Don Baxley, with an average of 58.5 pounds of milk daily and a butterfat total of 3.71.

Third went to Dick White's three-year-old registered Jersey with a 62.6 pound milk average and with 3.557 pounds of butterfat and fourth place was won by Wayne Warnock's three-year-old

CHAMPIONS ARE SHOWN AT FAIR

Livestock that could have competed in championship classes in any show in the state featured the third annual Tulare County Junior Livestock Show and Community fair over the past week-end at the Rocky Hill arena and excellent merchant exhibits, a citrus show a flower display, a pet show, with Bozo, the Capitol Clown and night entertainment on the carnival midway and in the main arena made the 1950 fair the most extensive in the history of the Porterville event.

Donald Husaker, Ducor, after showing the top fat beef animal in the 4-H division, went on to win over Joel Ashworth, Future Farmer champion, for grand champion honors of the show.

J. J. Hatfield showed the champion fat lamb of the show, after winning the Future Farmer division; Joleen Flynn, Ducor, had the champion 4-H fat lamb. Herb Zimmerman, Ducor, had the champion pen of three fat lambs.

Kenley Mays showed the champion (Continued on Page 12)

San Juan Day Rodeo Date Set Sunday, June 25

Five rodeo events and a free barbecue will feature the 1950 San Juan Day rodeo at the Tule River Indian reservation, date for which was announced this week as Sunday, June 25.

Barbecue will be served on the reservation at noon; rodeo events will get under way at 2 P.M., featuring bareback bronc riding, saddle bronc riding, team roping, calf roping and steer stopping.

All stock for the show will come from the reservation; amateur riders are invited to compete. The event is under direction of the Tule River Tribal council.

San Juan day, from a religious standpoint, commemorates the church feast of St. John. It has been a traditional day for many years among Indians of the Tule river country—originally being a time for religious observances and meetings with friends.

In more recent years, the observance has included a rodeo and barbecue, with the public invited to attend.

THANK YOU

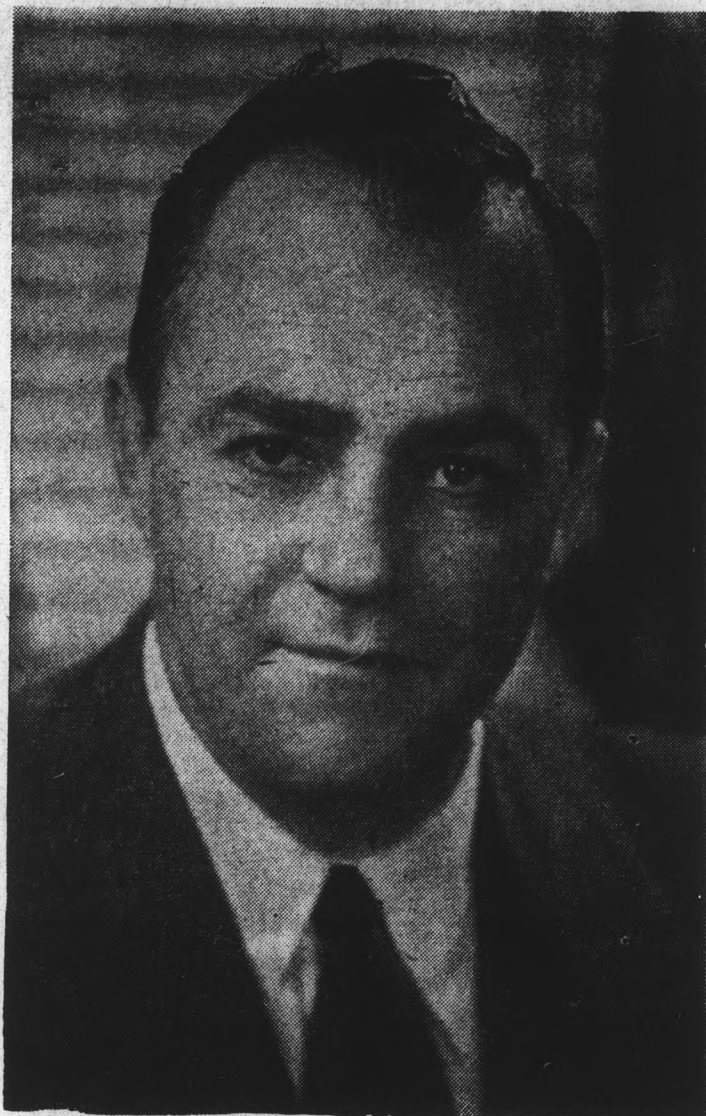

It is impossible for me to thank all of you personally or by letter who so willingly offered and gave your time and efforts during the third annual Tulare County Junior Livestock Show and Community fair.

Will you accept this means as my personal thanks.

Rolla Bishop,
Secretary-Manager
Junior Fair

Student Speakers Are Announced For Porterville College Graduation Program At Auditorium Tuesday Evening

By JIM HUGHES

Tuesday evening, June 6th, 31 students constituting the Porterville College graduating class of 1950 will assemble in the high school auditorium to receive their diplomas. The ceremony is scheduled to begin at 8 P. M.

Miss Francis Wilson, Roy Buford, Keith Smith and William Richey have been chosen as student speakers. Their topics have not been announced, however Dean B. E. Jamison indicated that the theme will be one concerning the future of Porterville college.

Reverend J. E. Robinson will deliver the invocation. A musical program featuring a vocal selection rendered by Miss Lorraine Kroells of Strathmore, a number by a trumpet trio composed of Charles Easterbrook, Jr., Buster

Newman, and Don Derfelt, and also various selections by the combined college and high school orchestra and chorus, will be presented.

Presentation of various scholarships and awards will be officiated over by either Allen Bayse, or the Reverend John Milligan. The graduates will receive their diplomas from an as yet unnamed member of the board of trustees.

YOUR CHILD

The child who is slapped for something he has done will probably start slapping at play. This occurs because the child realizes he was slapped when mother was annoyed or displeased. Therefore, the young mind logically assumes that he can "take a swing" at a playmate who annoys or displeases him.

The slapping problem often occurs when the child is beginning to walk and show an interest in objects on the tables or low shelves. Often, because of the value of these overpriced knickknacks, an adventurous child could bankrupt a household in several hours.

According to the child guidance experts on the staff of the childcraft Books, slapping the child is not the answer. To touch and examine these objects is healthy and normal for a child. He cannot satisfy his curiosity by any other method. As difficult as this problem appears, it is an excellent opportunity for a lesson in respect for ownership.

For example, if a child starts reaching for a china box mother should say, "Here's your woolly lamb. The box is Mother's." This should be done calmly. Don't swoop down on the child. Children are quick to notice if adults are tense and excited, and this sort of attitude will serve to fix his attention more firmly on the box.

Also, give a three, four or five year old child the "duty" of turning on the radio or the light switch. Let him ring the doorbell when you go visiting, indicating that these are important jobs and must be treated in a grown-up manner.

The biggest problem is taking a toddler to visit a friend who has beautiful and costly items within reach. Mother in such a case should make certain the child is fully equipped with favorite toys. If he persists (and he usually does) in getting to a cloisonne ash tray, simple say, without getting excited, "This is Mrs. Smith's, let's put it down and take this instead."

Remember, children are often

Scott Hubbard, Jim Fisher Run For President

By JIM HUGHES

Porterville College primary student body elections conducted last Friday, resulted in the nominating of opponents Scott Hubbard and Jim Fisher for president, Charles Easterbrook, Jr. and Marietta Slaughter for vice president, Carolyn Smith and Wanda Helms for secretary, and Michael Umy and Natalie Hodgson for treasurer.

A proposed revised constitution designed to supercede the one in use since 1927 won out by an overwhelming majority.

Final elections are scheduled for this Friday. While nothing is by no means certain, neutral observers indicate that Air Force veteran Scott Hubbard, running on a platform of modified liberalism, will emerge triumphant in the presidential race. The contest for treasurer promises to be the closest one.

A win by either presidential aspirant will insure a male victory for the first time since 1946, the three previous years having found a member of the fairer sex occupying the top office.

Winning candidates will be installed in office for the school term of 1950-51.

Christian Science And Search For Cause Is Subject

Knowledge of what is real—of the basic cause, purpose, and laws of the universe—can now be classified as a spiritual Science and proved by demonstration and healing. Robert S. Van Atta told a Porterville audience Monday evening.

Truth is spiritual, and this is shown by both discovery and modern proof, Mr. Van Atta said. He maintained that the "Science of spiritual reality" is at present "revealed, established, systematized, demonstrated, and made available and practical . . ."

Mr. Van Atta, now on an extended lecture tour, came to Porterville on invitation of First Church of Christ, Scientist. He is a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. He spoke in the church edifice. His topic was: "Christian Science and the Search for Cause." He was introduced by Mrs. Juanita Abbott, Second Reader of the local church.

The world has heard much about the Science of spiritual reality in the past 80 years, he said, adding: "It is destined to hear a great deal more, because the Science of Christ heals sickness and eliminates sin; it settles quarrels, ends strife, and ensures peace to weary strugglers; it shows the way to success, happiness, and lasting satisfaction."

wearing on the disposition, and no one is a less loving mother or father if she or he gets downright angry with the child. But the chief value of a slap is often to relieve the parent's irritation and clear the air. Don't act like a child when dealing with a child.

Dining Lodge Fund

Response as the result of a call for funds indicates that construction of a dining lodge at Camp Tulequoa can be started at the end of the 1950 camping season, it was reported this week by J. Walter Fowler, Tulare, chairman of the lodge fund committee of the Tulare county YMCA.

Heading the fund-raising campaign in the southern county area are: Porterville, H. R. Matzke, Allen G. Bayse, J. Paul Peterson, James Hanson; Terra Bella, Charles Burtner; Tipton, Stanley Knight; Strathmore, Charles A. Todd and Lindsay, C. O. Cowles and Glenn Houghton.

Value considered, a quart of milk is one of the best buys on the food market today.

Easterbrook Is Council Officer

Charles W. Easterbrook, superintendent of the Porterville High School and College district, has been elected vice-president of district council 12, California Association of School administrators for the 1950-51 year.

Mr. Easterbrook will work with district and state school officials in matters relating to improvement of statewide secondary school instruction.

Women buying U. S. No. 1 carrots can be assured of getting a good product.

LELAND MARTIN
HEADS COUNTY
NIXON GROUP

Pointing to Richard Nixon's congressional voting record "proving he votes independently without blindly following party lines," Leland K. Martin, president of the South West Four States Cotton association, last week, joined the Tulare County Nixon for Senator committee as Democratic co-chairman, Robert Dofflemyer, Exeter, chairman, has announced.

Active in farm administration work, Martin is also past president of the Tulare County Farm Bureau. In his campaign role, Martin will head activity among Democrats for Nixon for U. S. Senator in Tulare county.

In accepting the post, Martin declared, "I realize the time has come when the people of California must elect a statesman rather than a politician to represent them in the United States Senate."

He called Nixon "an independent-type candidate whose record shows he places duty to his country and to the people above partisan politics."

"As one who was born on the farm, of parents whose whole background and life has been in agriculture, Nixon knows and understands the problems of the farmers."

"We know exactly how Nixon stands on the issues facing us today because he is one candidate in the senatorial contest who does not say one thing today and another thing tomorrow," Martin asserted.

"Nixon opposes the Brannon Plan because it would impose impossible controls on the farmers, and he offers a six-point alternative program calling for: 1. Placing the farm parity program on a flexible basis so parity prices will be adjusted when huge surpluses are created; 2. Orderly distribution of surplus commodities to hungry people; 3. Closer integration between the farm and international trade program; 4. Sensible reciprocal trade agreements; 5. Adequate soil conservation and development of California's water resources."

"He calls for speedy completion of the Central Valley project without the 160-acre limitation and for the elimination of political bickering by the Bureau of

Reclamation," Martin emphasized. Citing Nixon "As an outstanding legislator who can do the job," Martin concluded, "Californians cannot afford to lose the services of Richard Nixon."

Fresh Pears,
Grapes Subject
Of Hearings

Two public hearings have been called for June 5 in Sacramento by the California Department of Agriculture to receive evidence and testimony relating to two emergency standards proposed to be issued by the Department through its Bureau of Fruit and Vegetable Standardization.

The first hearing will concern the issuance of an emergency standard which would permit fresh pear packers to use a one-way pear lug with a solid end piece seven and three-sixteenths of an inch deep. It would also permit the use of a six and one-half inch head piece with an eleven-sixteenths of an inch cleat nailed to it.

The second hearing would permit grape packers to use inner-liners in lug boxes providing that the use of the liners in the lug boxes does not materially reduce the volume of possible contents of the container.

Both of the hearings will be held on June 5 in the conference room, second floor, state office building number one, in Sacramento.

The hearing on the use of inner-liners in grape lugs will start at 1:30 P. M. and the hearing in regard to the one-way pear lug will start at 2:30 P. M.

Graduation

The Rev. Fr. James Dillon presented diplomas to eighth-grade graduates at the 24th commencement exercises of St. Anne's school in Porterville last Friday evening at the Porterville high school auditorium.

In the graduating class were: Gary Anderson, Charline Louise Byers, Barbara Gail Brewster, Virgilee Ann Davis, Arlene Delgado, Charles Duty, Mary Fiori, Marilyn Louise Ferguson, Janice Giraudi, Robert Gomez, Salvador Gomez, Sharon Ann Heffernan.

Barbara Jean Hubler, Kenneth Kirby, Sally Lu Lampert, Margaret Ochoa, Marjorie Kay Pacheco, Argilla Marie Prandini, Jacob Cecil Rankin, Phillip J. Rena, Gloria Roeth, Joseph Scanlon, Ricby Radley and Margaret Ann Weins.

Farm Labor

Farm labor reports from the seven counties of the San Joaquin valley show an increase of employment in agriculture of 5,500 workers or a total of 81,500 working this week against 76,000 last week. The 81,500 working compares with approximately 100,000 workers working in all agriculture the same week in 1949.

Snap bean supply in the southern part of the state is increasing rapidly.

Shopping . . .
with Betty

By Betty Scott

Now about that Mrs. Cat and child with no home. I wasn't kidding, they need a rat-hole or mouse-nest to call their own. Surely somebody could use an industrious Mama Cat and child and besides, Mama is a lady and refined and is loathe to fetch up her family in the streets. Call 583 and leave your number for me to call back and make an appointment. While you're making appointments, call 107-W and make arrangements for a cool, easy summer hair styling. Now that Ann Clark is helping Florence and Dorothy you can always get a date, night or day, at FLORENCE PEAK'S BEAUTY SALON.

When my Grandmother was leaving Scotland, alone at age 19, to come to California to be married, her mother gave her one last word of advice as she ushered her up the gang-plank. That was back in '88 and the good lady felt she was sending her daughter off to the wild end of the earth, perhaps never to see her again. "Now, Caroline," quoth the Great-Grandma, "What ever happens, NEVER learn to milk a cow!" Granny is still kicking, has lived all these years on ranches, has been through terrible times and done darn near every thing . . . but she never learned to milk a cow! Newell Smith's like that, I'll bet that at age 81 he'll still be able to say PROCTOR'S CLEANERS never went back on its guarantee!

Honest, I had absolutely nothing to do with the ball team's winning a game! In spite of urging from several of you to "Do something!", I've followed a strict hands-off policy on the theory that the governing body should be given a chance to do its utmost; that I exert my influence only as a last resort. I appreciate your faith in me and want to be sure you understand that this win was none of my doing. Like Jeff with his camera, it's my aim to reflect, not create. But if you don't hustle up and make your dates for graduation pictures at EDWARD'S PHOTOGRAPHY STUDIOS, phone 1385-J somebody's gonna have to create a lot of fake faces the last minute and we're awful busy already!

Everybody's busy and besides it's getting hot and there are still a heap of parties to go! And don't you go falling for those gags you see in the home magazines about how you can whip up a meal for 20 people, have your house looking like the pictures, and yourself looking like a glamour gal . . . it's all a big, fat lie! You and the house, could be; the meal and the house might be. But the works, nyaa-nyaa! For the finest of dinners, consult an expert and get her to cook it for you. Lita and Johnnie, wonderful cooks, use only the finest ingredients, and are so clean and neat about it all that you'll really think you're looking at the magazine pictures come to life. Stop by the corner of "A" and Orange Streets, LITA'S MEXICAN KITCHEN, and get food to take home or get them to come to your home to cook and serve for you. I promise perfection.

Have pansy plants in a shady place? You can cut off the long runners now; cut back to leave about two inches of stem and you'll get a new crop of sprouts and flowers. It's also time to cut back columbine and near time to cut down the snap-dragons. Whack the delphinium too; that way you get new foliage and often new blooms for fall. This also is the time of year to get the PORTERVILLE ELECTRIC to fix yard light wiring and a good time of year to have electric thermostats installed. Repairing and rewiring is a tedious necessity . . . don't add agony to the tedium by waiting for cold weather. Stop by and see Bob Mishler, across from the P. O. on Hockett St. right way.

'Spose if you're the sensible, alert type you're used to yourself after all these years and don't mind. I'd be bored stiff with me if I ever knew what I was doing. Found it entertaining the other day that I had on girdle, nylons, seersucker dress, and not a pair of shoes to my name but winter suede pumps and my hi-top men's irrigatin' numbers! Had to wear them around to friend's houses collecting my others. If like me, you shop on Xmas Eve, graduation afternoons, and wedding nights . . . BREY'S BOOK SHELF, 600 N. "D" is your salvation. See their Robyn pottery angels and the pottery "angelscats", kittens with angel wings. And the beautiful original flower prints, framed and dated back to 1800. For graduation and wedding gifts and cards, save time, energy and money, see Marie first.

It's getting too warm for slacks and there are plenty of us who, to put it politely don't look our best in shorts; yet we need lazy clothes for this weather. As any one can see I've outgrown the stage of being took with my own doubtful brand of beauty; but I do admit that there is a limit to how awful one should look in public. Granny impressed me with the laws of decency as well as the rule against milking. KIT'S DRESS SHOP on W. Olive at Villa has a new shipment of Sanforized, colorfast cotton dresses and a batch of bandana skirts that I bet you can't resist . . . and the prices fit even my minute purse.

Speaking of my small purse reminds me to be thankful that I no longer have to journey to San Francisco for the fancy and imported groceries that I enjoy . . . cutting out that jaunt brings the prices down to my size. Are you aware that the finest selection of cheeses, salami, anti-pasto, anchovies, sardines, sauces, peppers and all other hors d'oeuvre items this side of San Francisco is to be found at THE ITALIAN CASH GROCERY on W. Olive? All that and a complete modern every-day grocery and a full stock of wines, beers and hard liquors make the Prandini's a perfect shopping center. Why fight traffic in town for mediocre food! Try some of their imported blue cheese and salami with chilled Burgundy mixed with a squirt of cold seltzer. Whata snack!

DOROTHY HOOVER TOP RIDER; WINS PUREBRED JONES ARABIAN AS GRAND PRIZE OF HORSE SHOW

Dorothy Hoover, Porterville, by virtue of winning top points in the junior horse show that featured the Tulare County Junior Livestock Show and Community fair last Friday evening, is today the owner of a purebred Arabian gelding, donated to the show winner by Donald Jones, of Jones Hardware company, Porterville.

In the close competition that featured the show, Miss Hoover took a first in the in-and-out stake race and a second in the final event, musical chair.

Noel Wheeler, in the runnerup spot, was awarded a western leather jacket by Porterville theaters through Everett and Jimmy Howell and third place rider, Chuck Dunn, received a pair of Levi's from Leggett's in Porterville.

A feature of the horse show program was a fine mounted drill by Porterville's Fair Canterbelles, under direction of Toni Faure and Barbara Richardson. The Bartlett school band led the opening parade that also included some of the prize livestock shown at the fair.

The horse show was directed by Louie Stephan; judges were Roy Boone, Delano; Wilbur Studder, Glenville and Dale Trimmell, Springville. Results show:

Lead race (8-13)—First, Gene Gaston; second, Ervin Sherry;

third, Noel Wheeler.

Trail Horse Class—First, Bill Martin; second, Chuck Dunn; third, John Hersey.

In-And-Out Stake Race (14-18)—first Dorothy Hoover; second, Forrest Martin; third, John Dennis.

Walking Race (Under 7 years)—First, Buzzy Stephens; second, Johnnie Weisenberger.

Sack Race (8-13 years)—First Dickie Hester; second, Rickey Keck; third, Adair Brown.

Stock Horse Class—First, Jimmy Martinez; second, Darlene Cline; third, Sandra Farnsworth.

Saddle Race (14-18 years)—First, Wilbur Moorehead; second, Chuck Dunn; third, Yvonne Hicks.

Stake Race (8-13 years)—first, Noel Wheeler; second, Elaine Morris; third, Karen Bastian.

Musical Chairs—First, Dorene Baker; second, Dorothy Hoover; third, J. J. Hatfield.

WOODVILLE PERMIT

Building permit application for the county fire station at Woodville was approved this week by County Building Inspector Jack McWherter, with estimated cost running \$12,443.50.

FARM TRIBUNE ADS PAY

4-H Exhibitors Show Winners

Winners in the 4-H livestock division at the third annual Tulare County Junior Livestock Show and Community fair included:

Hereford Steer Section 42-C—Sandra Farnsworth, first and third; Joe Faure, second.

Hereford Steer Section 42-A—John Dennis, first; Arlene Menne, second; Frank Menne, third.

Hereford Steer Section 42-B—Donald Hunsaker, first; Joleen Flynn, second; Jim Martinez, third.

Shorthorn Steer Section 42-E—Joleen Flynn, first; John Trimmell, second; Marlene Menne, third.

Shorthorn Steer Section 42-F—Betty Muller, first; Joleen Flynn, second.

Angus Section 42-H—Kenley Mays, first; Karen Mays, second. Section 41-M—Elaine Morris, first; Cherry Horst, second.

Hereford Breeding Cattle, Section 8—Sandra Farnsworth, first. Shorthorn Breeding Cattle, Section 20—Bob Zimmerman, first.

Taking the championship and first place in the 4-H fat lamb section was Joleen Flynn. Betty Muller was second.

Joy Overstreet showed the champions and first place pen of three fat lambs.

In the feeder lamb division, Lanitta Stevens took first, with Betty Muller, second and Betty Jo Peterson, third.

Other results in the sheep division:

Showmanship sheep, Lanitta Stevens; Hampshire sheep, Jean Faure; Suffolk sheep, Jean Faure.

Andrew Gravley showed the champion 4-H Poland China Hog. Results in the Poland China

Courthouse Vote?

Tulare county voters may have a chance to vote on their preference for a new courthouse in the November general election, since petitions asking that the issue be put to vote, are now being circulated in the county.

The Tulare county board of supervisors has announced plans to construct a new courthouse on Hyde property, donated to the county, on the west edge of Visalia. Suit of a taxpayers' group to prevent the moving of the courthouse is now pending in district court.

DESTRUCTION! DERBY SET FOR SPEED BOWL

An expanded program will be presented when the roadsters gather for the weekly hot rod racing session at the Porterville Speed Bowl on Saturday evening.

Managing Director Loron Bartlett has announced a special event which will be held in addition to regular fare of roadster competition. It is a "destruction derby", and is scheduled to provide as much amusement as did last week's combination stock car and pie eating contest.

In the "destruction derby" 12 cars start in the marked circle and the drivers keep ramming, bumping and scraping until only one car is left in running condition.

Another large field of cars will be on hand for the weekly hot rod races which will start with the time trials at 7 P. M. and the racing program getting under way at 8:15 o'clock with the three-lap trophy dash.

There has been no lack of entries for a full field of contesting cars and drivers and interest has steadily increased during the season as drivers from over the state come here to compete with Central Valley Racing Association leadfeet in the weekly sessions.

NO OPPOSITION

Two of Tipton's elected officials—M. W. Del Re, Jr., justice of the peace and Ross Graham, constable, will be without opposition in the primary election June 6.

TAXPAYERS' COMMITTEE FOR SANDY ROBINSON FOR SHERIFF

Porterville, California
June 1, 1950

Friends:

We endorse Sandy Robinson for Sheriff of Tulare County, and we respectfully ask your support and vote for Sandy Robinson.

We know that Sandy is an honest, experienced and efficient officer. We know that he is a man of courage, conviction and understanding. We are confident that, as Sheriff, he will serve the people of Tulare County with diligence, fairness and economy.

We regret the crime-scare propaganda that has emanated from the Sheriff's Office in recent years. We regret the tendency to publicize and characterize persons guilty of ordinary law violations as major public enemies. We believe that under the supervision of Sandy Robinson the Sheriff's Office will return to its job of quiet, able and understanding law enforcement.

We look askance at the record of expenses in the Sheriff's Office over the past few years:

the record of expenses in the office over the past few years:

Fiscal year		During the present Sheriff's term:
1944-45	\$57,788.56	1947-48
1945-46	68,602.03	1948-49
1946-47	80,100.00	1949-50
		1950-51
		Budget

We call attention to the fact that the current fiscal year are for the three fiscal years

		\$150,491.35
		162,814.55
		220,042.64
		235,731.00

We call attention to the fact that the expenses for the current fiscal year are more than the total expenses for the three fiscal years before the present Sheriff took office. We feel that this phenomenal upward spiral of the expenses of the Sheriff's Office should be of concern to every taxpayer. We agree that this trend must stop!

We solicit your consideration of the facts in this letter. We urge you to vote on June 6th!

VOTE FOR SANDY ROBINSON FOR SHERIFF!

Cordially yours,
Taxpayers' Committee

California Dairymen Should Follow Carefully Planned Management Program

By DON M. KRUSE
Farm Advisor

California dairymen can compete successfully with dairymen in other parts of the country, providing they follow a carefully planned management program.

Some surplus of market-milk has developed here in California in the past two years. Surplus of butter and other milk products have piled up under the Government support program. However, California is still on an import basis for the most of its manufactured dairy products and probably will continue that way.

The outlook for dairy producers is not as attractive as it has been. More California land is going into hay and pasture crops, which means an increase in feed production, and an increase in hay-consuming animals of all kinds. The resultant increase in the volume of production may mean more of our total milk supply will go into manufactured products. Since we must compete with all other sections of the country, we must do it on an efficient and economical

basis.

However, the dairy industry is a long-time industry and should have an expanding market in California. With the expected growth in population, the demand for dairy products will increase. California prices are somewhat better than the average for the country because they are usually midwest prices plus freight.

A good management program for the coming year should include production records for building breeding programs, cow testing for production, feeding cows according to their needs, and careful culling. Also, such programs as herd health and quality products are important as the consuming public becomes more and more conscious of high quality.

ADEQUATE LABOR

Adequate to surplus is the status of farm labor supply in California and Oregon at present, according to the Agricultural Labor Bureau of the San Joaquin valley.

Farm Tribune Adds Get Results

Stay Out Of Canals - Stay Alive

"All canals are dangerous and concrete-lined canals are extremely so," says G. Lindley, Regional Supervisor of Operation and Maintenance of the Bureau of Reclamation, in warning people to "stay out of canals and stay alive."

Children and parents along the Friant-Kern canals are being warned that swimmers and bathers may be deceived by their cool, placid-appearing water. Often canals are swift and deep with strong undertows at the entrance to siphons, capable of sweeping away the strongest swimmers. Canal sides are smooth and slippery, and for long stretches there is no place to catch hold and no way to climb out.

According to Mr. Lindley all road crossings and siphons along the 98 miles of the completed portion of the Friant-Kern canal, will be posted. Before school is out safety ladders and nets will be installed, but these measures

are strictly for emergencies. Mr. Lindley emphasizes that "the only way to be sure of being safe is to stay out of the canals."

Bureau of Reclamation Safety Engineers J. M. Van Sant of Fresno, and Earl I. Rice of Stockton are sending letters to schools, P.T.A.'s, service clubs, and radio stations urging united efforts in every community to prevent drownings in canals.

Tractor Class Meets Friday

Fuel intake and engine lubrication of tractors will be discussed at the next meeting of the 4-H Live Power club of Porterville, Friday, June 2, 8 P. M. at Ray Olson's Tractor shop on west Olive.

Club members are advised to have their work sheets up to date and those members who started the course, but have dropped out, are asked to return their 4-H Live Power kits.

ALTHOUSE IS REELECTED TO WATER POST

Irvin Althouse, Porterville, was reelected secretary-treasurer of the Friant Water Users association at the annual meeting of the group held Thursday in Lindsay.

Other officers are: Harold Swall, Tulare, president and Hugh G. Rodgers, Madera, vice president. The association represents about 20 irrigation districts in the San Joaquin valley having irrigable acreage in excess of 550,000 acres.

Main purpose of the meeting was to discuss the case of Rank vs. Krug, et al, and particularly the intervention by the State of California on behalf of the fish and game commission for taking irrigation water for fish purposes. It was the unanimous opinion of the representatives that they do not favor taking any water users right on the San Joaquin river.

They do not believe in the position of the United States department of justice that water rights on a navigable stream can be taken without full and just compensation.

The representatives were also unanimous in their position that water vitally needed for irrigation and domestic use must not be allowed to waste into the ocean simply to preserve the questionable salmon run or any other fish run in this valley.

Communist Opposes Simpson For School Job

Candidacy of Miss Bernadette Doyle for state superintendent of public instruction in California has been branded by the California Teachers' association as a "brazen attempt by the Communist party to achieve control of public education in California."

Miss Doyle, in her declaration of candidacy to oppose Incumbent Dr. Roy Simpson, gives as the name of her employer the Communist party of San Diego; states that she is a registered Communist; says she is chairman and education director of the Communist party of San Diego and declares that for the past nine years, with the exception of a brief period when ill, had done educational, organizational and political work for the Communist party.

Only other candidate for the office is the incumbent, Dr. Simpson.

FEWER JOBS

Peak requirement for cotton chopping this year in the San Joaquin valley is expected to be 9,700 workers, as compared to 21,000 last year. The labor decline is a result of cuts in cotton acreage.

Overgrazed Pasture Gives Less Production

By ROBERT H. ANDERSON
Farm Advisor

Many farmers graze their irrigated pasture too closely. Experience proves that good management can produce more meat than average stocked pastures.

Observations made by livestock men in cooperation with the University of California Agricultural Extension service, proved that the best results came when the forage was fed not closer than four to six inches. One stockman produced 600 pounds of grain per acre on lambs, which is about 2½ times the usual amount, by not grazing too closely. The pasture also has a chance to recover more rapidly.

Pastures need a light irrigation every 7 to 14 days. Most pasture plants do not root deeper than two or three feet, so little can be done about storing water in the soil. Any water applied after the soil is filed to that depth will only be wasted and increase irrigation costs unnecessarily.

THE OLD DAYS

From miscellaneous files of pioneer Porterville newspapers, provided through the courtesy of Howard J. Frame, Porterville.

FARM VIEW

October 23, 1891

The case of William Dalton for complicity in the Alila train robbery in February, last, came up for trial in Visalia last week. The prosecution by District Attorney Powers insisted that it was absurd that Will Dalton did not know the whereabouts of his brothers, or that they were concerned in the Alila robbery until he reached the Daggetts with them.

The prosecution put 62 witnesses on the stand during the trial and the defense 15, who testified to the defendants good character previous to his arrest.

The jury was only out 20 minutes when the foreman announced that they had arrived at a verdict, which was "not guilty." The district attorney then moved that the charge of assault to murder express messenger Haswell be dismissed. Dalton shook hands with his jurymen, while his relatives were so overcome that they indulged in tears.

George W. Witty, deputy sheriff then stepped forward and arrested him on a charge of burglary, said to have been committed in San Luis Obispo county.

J. J. Doyle has been cutting out a 50-foot section of the old "hollow log" at Summer Home. It is to be taken east sometime and shaped into a railroad car. It will probably be used for the exhibition of California products and

may eventually make the trip to the World's Fair at Chicago.

It will cost several thousand dollars to deliver the log to the nearest railroad station. It will be the largest section of sequoia gigantea ever got out the mountains.

Mr. and Mrs. B. H. Klein of White River were in town on Monday.

John Barbero has been appointed postmaster at White River, vice Joe Mitchell.

J. Bauder of Pixley was in Porterville last Saturday, and made the Farm Review office a call.

Alf Ellis was down from Linn's valley this week, buying hogs from Hiram Hughes of Glenville.

Tap Carter, Jim Enloe and Harry Young, with several others, went out on a hunting expedition, Tuesday.

Andrew Ross, R. H. Mshaffey and John Main went to Visalia, Thursday, as jurymen.

Deputy Sheriff Bob Hockett was in town this week, escorting Bill Dewey to the county jail in Visalia.

J. A. G. Smith has a fine new line of self-cleaning pipes. They are daisies.

George Berkheiser has taken the contract to paint the new Baker and Hall blocks; also the bars for Tap Carter and W. A. Hall.

W. A. McKenney, T. W. Ferry, J. F. Johnson and Harry Slocum passed through town Sunday, enroute to Linn's valley on a week's hunting and fishing trip.

Don't forget when in Porterville that John Loyd at the Arlington will give you a first class meal for 25 cents.

John Willis met with a painful accident at the slaughter house Tuesday. He attempted to thrust a butcher knife into a hog, which was hanging up, when his foot slipped, and the knife went into his leg, inflicting a painful wound just above the knee.

There is no screaming or cackling among girls up at Mountain Home when a rattler is heard in the bushes. But they catch up some stones or a club and down comes Mr. Rattler just as if he had been shot, and they take the rattles off his tail without a shudder. In fact, the Doty girls and others up there like a rattlesnake adventure and go around hunting the varmint for a little entertainment when housekeeping gets dull.

George Avery and Ab. McFarland left Wednesday morning for Walter Crew's place and thence on a bear hunt for a few days. Ollie Wood is authorized to receive orders for bear meat to be delivered Sunday.

The California Ramie company has leased 160 acres of land from L. N. Drexler, six miles from Pixley, between the railroad and Tulare lake. Eighty acres of ramie will be planted this fall, the roots being obtained in Ventura.

APPEARANCE OF DAIRIES WILL BE IMPROVED THROUGH PROGRAM OF STATE ASSOCIATION

Final arrangements in Tulare county and the San Joaquin valley have been completed for a Roadside Improvement program that is being sponsored by the California Dairy Industry association with the object of improving appearance of dairies.

All dairies qualifying will receive a Dairy of Merit award plaque. To earn the plaque, a dairyman must score at least 90 points on the following basis:

Arrangement of buildings and corrals, 3; machinery out of place, 3; unsightly water holes, 3; presence of dirty cows, 6; condition of roadway to house and dairy buildings, 6; dirty corrals and bad odors, 6; visible manure piles, 7; stock out of place such as pigs, chickens, goats, 5; visible piles of rubbish, 8; weeds, 8; condition of fences—painted or whitewashed and general condition, 11; appearance of buildings, 12; landscaping (flowers, shrubs, lawn), 16; inside condition of milking barn and milk house, 6.

Alanson Swain, Tulare chairman of the Roadside Improvement program, announces that all interested dairymen in the area between Fresno and Bakersfield should contact their creamery

field men or dairy inspector. Other committees to assist are: Finance, Ted Christenson, Fred Olsson, M. L. Morgan, Harold Bell, E. Carston Keefe; publicity, Jack Polzin, H. S. Etchegaray, Jim Hitchcock, Peter Lert, Don Kruse, Dick Radmacher; scoring, Vern Moist, Ralph Price, Ray G. Wallace, Francis Adams, Pete Belezouli, Hayes Creameans, William Scott, Jack Polzin, Buster Blyleven, C. L. Morgan, Roland Kohler and Rodger Carter.

Leslie Holt is making arrangements for scheduling a general meeting for the dairy industry to be held in the middle of June. He is arranging to bring an outstanding dairy leader to be the speaker of the evening.

Olive Thinning

"In order to derive the maximum benefit from olive fruit thinning, the excess olives should be removed before the first of July," says Tulare County Farm Advisor Karl Opitz. "At least three weeks time should elapse after application of parathion before work is done in olive trees."

Carlot shipping season for asparagus is over in the state.

LEGAL NOTICE

NOTICE TO BIDDERS

1. Notice is hereby given that sealed bids will be received by the Board of Trustees of the Porterville Union High School District, in the Porterville Union High School office at 8 P.M. June 12, 1950, at which place and time bids will be opened for the purchase of one and more school buses. Bids or busses shall be of seating capacity in the approximate range of 50-61 high school pupils and shall be of transit type. Bids or busses shall meet the requirements of specifications previously adopted and on file in the office of the District Superintendent of the Porterville Union High School District. All equipment shall meet the requirements of the State of California, of the State Department of Education, and of the California Highway Patrol.

2. Bids must be accompanied by a certified check or bidders bond in the sum of the amount of not less than 10 per cent of the total bid.

3. The Board reserves the right to reject any or all bids, to waive any irregularities, and to be the sole judge of the suitability of all equipment offered.

4. By order of the Board of Trustees, Porterville Union High School District, in regular session May 8, 1950.

MRS. FANNIE T. WILLIAMS,
Clerk.

my18-25-Jel

NOTICE OF INTENTION TO SELL SCHOOL PROPERTY

WHEREAS, the Porterville Union High School District of the County of Tulare, State of California, is now the owner of the hereinafter described property, and WHEREAS said property is not and will not at the time of the delivery of the title or possession be longer needed for public use by said Porterville Union High School District.

WHEREAS, the Board of Trustees of said Porterville Union High School District did pass by unanimous vote a motion authorizing the sale of said property.

THEREFORE, it is the intention of the Board of Trustees of the Porterville Union High School District to sell said property hereinafter described for cash, lawful money of the United States of America. The property herein referred to is described as follows, to-wit:

1934 Dodge 6, 48-passenger school bus, state license E-9899, engine number T7-3077.

1935 Dodge 6, 48-passenger, state license E-9891, engine number T7-5659.

1939 Plymouth 6, state license E-8634, engine number P10-316LA.

Bids will be received up to 8:00 P. M. June 12, 1950, at which time bids will be opened and considered, the Board reserving the right to reject any or all bids received.

Bids on the transportation equipment herein specified may be submitted by item or by group.

MOTION authorizing sale of equipment, herein specified, was passed at a regular meeting of the Board of Trustees of the Porterville Union High School District held at the Porterville Union High School, in the City of Porterville, County of Tulare, State of California, on the 8th day of May, 1950.

"BREADBASKET OF THE WORLD" IS FORSEEN IN VALLEY AS WATER IS PROVIDED THROUGH PROJECT

Tulare county and the San Joaquin valley will serve as the breadbasket of the nation and the world, "if we care for our soils and provided we have the water," Irvin Althouse, Porterville engineer, told guests attending the annual Tulare county chamber of Commerce banquet held last week at the Sequoia lodge in Sequoia park.

Second principal speaker of the evening was former state assemblyman, Harry J. Johnson of Porterville, who advocated a program of promotion and development of Tulare county by the county chamber.

Mr. Althouse questioned the advisability of the state of California taking over the Central Valley project.

"Is the state ready, willing and able to carry out to the nth degree conservation of water in California?" he asked.

He said the Central Valley project is "only the beginning" and stated that three billion dollars would be spent in California on Water conservation. On this basis, he declared, the state of California is not justified in taking over

the Central Valley Project.

Should water from the Central Valley project suddenly be stopped in Tulare county, where it is now being delivered, the San Joaquin valley and the county farmers would be "in a sorry plight," Mr. Althouse said.

Mr. Johnson, declaring that Tulare county is on the threshold of a new prosperity, endorsed a program for the county chamber that called for:

Promoting and "pushing" the creation of the Orange Belt highway from Bakersfield to Woodlake setting up an agency in the county which would inform all truckers and shippers in the nation just where and how a truck could stop in Tulare county and pick up a load of local produce; bringing textile mills to Tulare county and setting up preliminary, small developments for the Mineral King Sports area.

We Only Heard

By BILL RODGERS

Bishop Hogs Win

Tribune Polands Take Honors

Above is the headline we should give open division Poland China results at last week's Tulare County Junior Livestock Show and Community fair, however, just to show that we hold no animosity toward Monachie Farm Polands, Rolla Bishop personally or Archie Bassett, hog judge, here is the official word.

BISHOP WINS

We must mention however, that at the time of the judging, several hundred people were on the fair grounds and in the livestock tents. Of all those present, only two failed to recognize the superior qualities of those Farm Tribune Poland Chinas. Those two? They were Bishop and the hog judge, which makes it as good as unanimous . . . But a note to you, Mr. Bishop. Watch out for those Farm Tribune Polands next year. We're after you.

Welfare

"Tulare County's Eight Million Dollar Welfare Budget" will be discussed by Gertrude Porterfield, county welfare director, at a meeting of the Tulare County Farm Bureau tonight in the Visalia office. Speaking also will be Von T. Ellsworth, director research department and legislative representative, California Farm Bureau Federation.

Military Road

H. R. 8612, a bill to provide for construction of a military and strategic mineral access highway from San Luis Obispo through Bakersfield, Walker Pass, Inyokern and to the California border near Kingman, Arizona, has been introduced by Congressman Tom Werdel. The bill has been referred to the committee on public works.

Strathmore Gym

A state allocation of \$72,459.43 has been received by Strathmore Union High School district for construction of a new gymnasium, with \$60,000 raised in a recent bond election, to also be included in the gymnasium fund.

ORANGES UP

California orange market continued steady to higher during the week ending May 27, with fob average showing about a 10 cents a box increase over the previous week and with total cars up about 90.

FARM TRIBUNE ADS PAY

Livestock

Livestock markets in the San Joaquin valley showed mixed trends last week, with slaughter steers and heifers holding mostly steady, grass cows lower, stock cattle averaging fully steady, butcher hogs sharply lower, cull to medium slaughter ewes in good demand but good fat ewes moving slowly, weak to 50 cents lower.

Price range showed: Medium to average good slaughter steers, \$27.50 to \$28.75; average medium, \$24.70 to \$27.75; medium grass cows, \$20 to \$21.50 and good, \$22.50 to \$23.60; sausage bulls, up to \$24.40; medium and good feeder steers, \$24 to \$27.40; calves, medium \$26 to \$29, common, \$22 to \$25 and culls, \$17; good 190 to 230 pound barrows and gilts, \$20.80 to \$21.50; good sows, 440 to 650 pounds, \$14 to

\$15 and good and choice feeder pigs, under 100 pounds, \$22 to \$23.

Auction Sale Prices Good As Exhibitors At Junior Fair Offer Top Livestock To Buyers

Returns substantially above market, and all in a range that provided a profit for production of top animals, went to junior exhibitors who sold fat stock at the junior auction held in connection with the third annual Tulare County Junior Livestock Show and Community fair.

Champion beef, exhibited by Don Hunsaker, Ducor 4-H, was sold by Alfred J. Elliott, manager of the Tulare County fair, for \$50 per hundred; Forrest Martin Porterville Future Farmer got \$34 per hundred for his champion barrow and J. J. Hatfield, Porterville Future Farmer, got \$63 per hundred for his champion fat lamb.

Although higher top prices will no doubt be recorded in similar sales in California, Fair Manager Rolla Bishop states that general averages will probably turn out to be as good as those of any sale in the state this year.

The sale was handled by the California Farm Bureau Marketing association, with Vince Powers, auctioneer, and Bud Jackson as ring man.

Sale results follow, with the name of seller, organization, wt., price per hundred and buyer.

SPRINGVILLE COMMUNITY CHORUS CONCERT IS SCHEDULED JUNE 9 AT NEW RECREATION CENTER

Second annual concert of the Springville Community chorus, under direction of Donald Knight, will be presented the evening of June 9 at the new recreation center in Springville. Mrs. Alden Munson will be accompanist for the chorus.

Ice cream and home made cake will be sold at the concert by Springville Boy Scouts, with funds raised to be used to send two troop members to the National Jamboree this summer. A new stage will be completed for the event and comfortable seating will be provided.

Horticulture Winners Listed

Herb Zimmerman, Ducor, made a clean sweep of grain classes in the 4-H division of the horticulture division of the third annual Tulare County Junior Livestock Show and Community fair, while considerable competition developed in the Future Farmer division.

Future Farmer winners included: Common Alfalfa, Bobby Bradley, first and second.

Grain, Vero Rassenti, first and second.

Ramona Wheat, Cody Noel, first; Harold Barbarick, first and second; P. Grisham, third.

Grain Calif. Mariot, Harold Spuhler, first and second.

Arivate, Harold Spuhler, first and second.

Grain Calif. Mariot, Harold Spuhler, first.

Winners in Future Farmer vegetable competition were;

Carrots and Onions, Bill Pixley, first and second.

Turnips, Beets, and Potatoes, Glenn Scott, first, second and first.

Onions, Carrots, Radishes, Richard Fallcat, first in all three.

Radishes, Onions, Glen Scott, second, and third.

Carrots, Richard Lawrence, first; Fred Lawrence, second.

Assisting with the program will be Ann Lumsden, who will be heard in a group of light opera selections, and the Springville Four, a young male quartet.

Tickets for the concert are now on sale in Springville, and in Porterville, at Cobb Drug company.

CHAMPIONS ARE SHOWN AT FAIR

(Continued from Page 1)

pion 4-H Jersey and Merrill Castle the champion 4-H Holstein heifer.

In the fat barrow classes, Forrest Martin, Porterville Future Farmer, showed the grand champion animal—a Poland China; Bobby Stevens had top pen of fat barrows—Durocs; Robert Webb had the top pen of Berkshire barrows and Bob Sims, Hampshires.

In the open division, Gladys Cooper of Tipton showed the champion bull and female of the show; Monache Farm had the champion Poland China sow and Eldon Gunn the champion Duroc sow.

Henry Elam, Sierra View Jersey farm of Visalia, had the top dairy female animal in the show, also a champion bull.

Night program at the fair featured a Pageant of Porterville the opening and closing nights; hot rod racing and a junior horse show. Special feature Saturday and Sunday afternoons and evenings was Dave Clayner, noted folk dance caller from southern California with a group of teenage folk dancers.

Judges included Raymond Husted beef cattle; Archie Bassett, hogs; Eldon Gunn, sheep; W. F. Rooney, poultry and Julius Damann, horticulture.

A number of civic and farm organizations cooperated in handling the fair through operation of concessions.
